Transfer of Enterprise Funds to Another Fund

UTAH STATE CODE § 10-6-135.5

JUNE 10, 2020 PUBLIC HEARING

Is this legal?

Utah State Code Section 10-6-135.5

"...a city may transfer money in an enterprise fund to another fund to pay for a good, service, project, venture, or other purpose that is not directly related to the goods or services provided by the enterprise for which the enterprise fund was created."

A city can transfer from an enterprise fund to another fund for any reason.

West Jordan enterprise funds are water, wastewater (sewer), solid waste (garbage/recycling), storm water, and streetlight.

Utah State Code Section 10-6-135.5

NOTICING REQUIREMENTS

- 1. Provide notice of the intended transfer
- 2. Clearly identify the transfer in the budget
- 3. Provide notice of an enterprise fund hearing
- 4. Hold a public hearing

PUBLIC HEARING REQUIREMENTS

- 1. Hearing must be separate and independent
- 2. Explain the intended transfer
- 3. Provide enterprise fund accounting data to the public
- 4. Allow comment

Yes.

It is the same as the franchise tax that every utility customer pays on their electric, natural gas, cable, and telecom bills.

A franchise tax is an amount paid to the City for the use of the City's property to provide a service.

Isn't this just a tax?

It's renting the City's space for a business.

The water, sewer, solid waste, storm water, and streetlight utilities are considered businesses just like the power company.

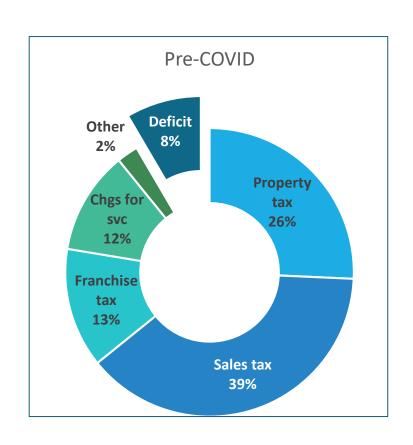

These businesses use the City's space to provide their services.

This transfer pays for use and wear and tear on the City's roads.that space.

General Fund Budget was imbalanced before COVID

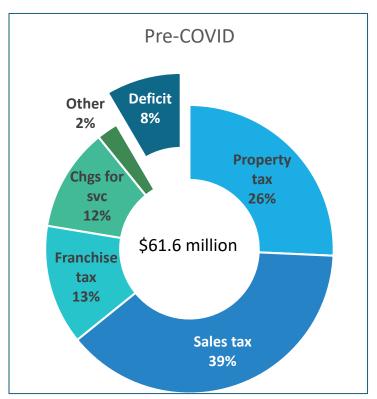

Revenues: \$56,403,954

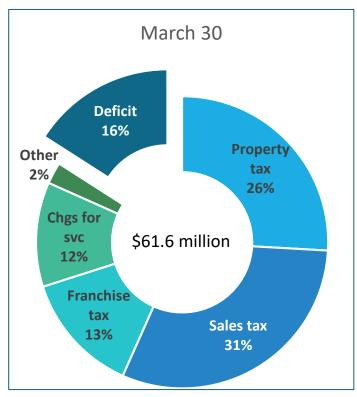

Expense: (61,601,162)

8% Deficit: (\$ 5,197,208)

COVID made things worse...

Revenues: \$51,786,604

Expense: (61,601,162)

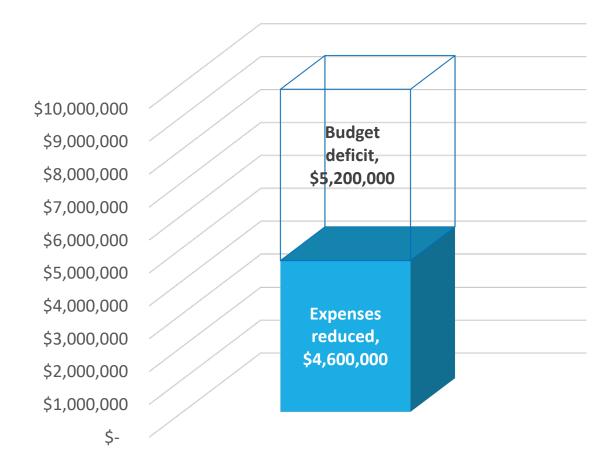

16% Deficit: (\$ 9,814,558)

Reasons behind the transfer

Reduced expense (\$4.6 million)

- 1. Removed all wage increases
- 2. Personnel reductions
- 3. Reduced operations
- 4. Extended life on vehicles & equipment
- 5. No capital

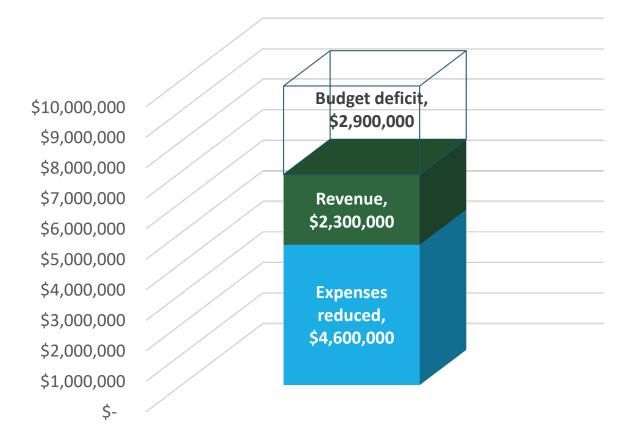

Reasons behind the transfer

Reduced expense

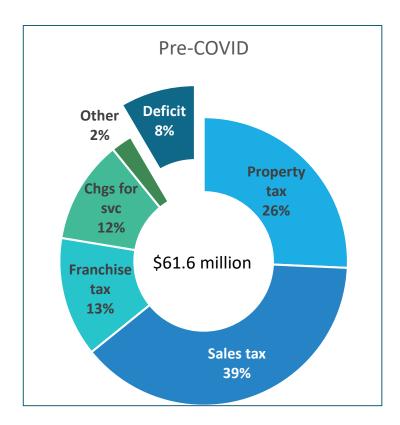

(\$4.6 million)

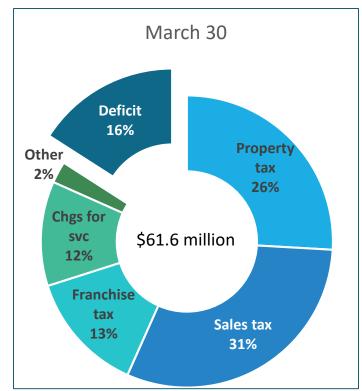

Increased revenue (\$2.3 million) Property tax or utility transfer?

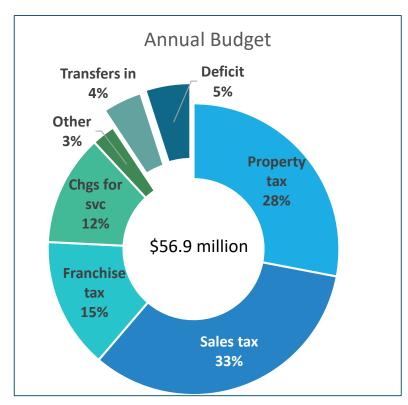

Pro's and Cons

UTILITY TRANSFER

Pros:

- Less financial impact to residents
- No property tax increase
- Consumption tax
- All properties provide revenue for services (including airport, schools, churches, other gov't)
- Diversification of General Fund revenue

Cons:

- Perceived as a hidden tax
- Resident concern about source of funds

PROPERTY TAX INCREASE

Pros:

- Truth-in-taxation process encourages public communication and education
- Property tax is a stable revenue source and does not fluctuate with weather patterns

Cons:

- Financial impact to residents
- Required tax based on property value vs consumption
- Tax-exempt properties immune from increase

UTILITY TRANSFER (5%)

OTILITI TRANSIER (3/0)						
	Per	Per				
Average Resident	month	year				
Water	\$ -	\$ -				
Garbage/Recycling	0.80	9.64				
Sewer	1.22	14.65				
Storm Water	0.28	3.35				
Streetlight						
Total	\$ 2.30	\$ 27.60				

PROPERTY TAX INCREASE (15.75%)

	Per	
Average Resident	month	Per year
Home value of \$33	35,700	
2019 Property tax	\$29.25	\$350.99
15.75% increase	\$ 4.60	\$ 55.28

Yes, this transfer will become a stable revenue source for the General Fund.

2

If this transfer were to go away, a property tax increase would be needed.

The City raised our water rates and told us it was because the water fund didn't have enough money and now you're telling us there is enough to transfer over a million dollars to the General Fund.

How can both things be true?

Water Rate Plan Modification

OCTOBER 2018

The Water Utility doesn't have enough money

- 1. Bonds are in jeopardy
- 2. System requirements aren't being met

External Rate study

Rate increase: 33%

Future rate increases: 8%

JUNE 2020

The Water Utility can transfer \$1.3 million to the General Fund

Internal Rate study

Rate restructure

Future rate increases: 2-5%

GOALS

- 1. No revenue increase this year
- 2. Future rate increases below 5%
- 3. Equity between water users
- 4. Conservation

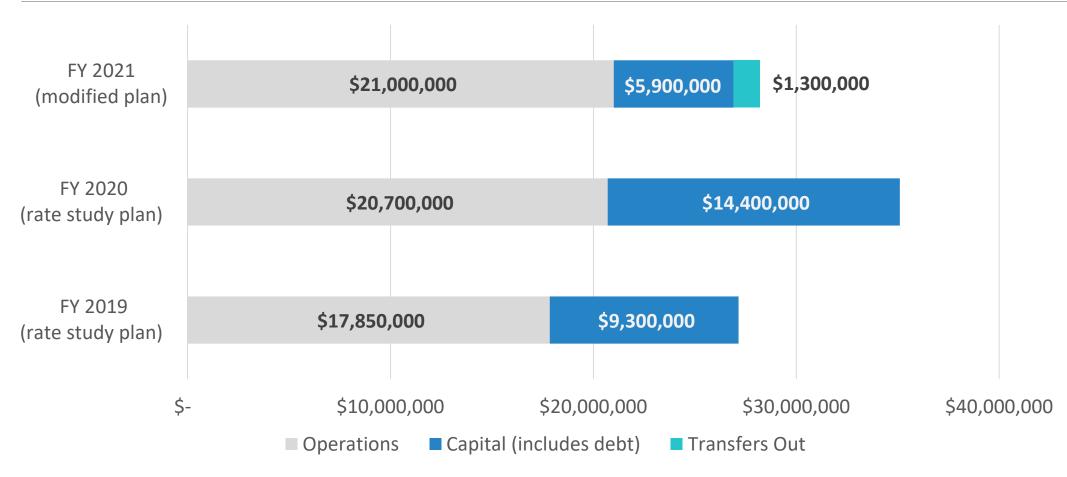

ACTION

- Rates modified to provide equity between residential and commercial customers
- Base rate reduced
- 3. 5-tier rate structure that encourages conservation
- 4. Project schedule normalized to less than \$6 million per year (including debt)

Water Rate Plan Modification

Water Rate Plan Modification

	Avg Gallons Used	Current Plan	Modified Plan	Savings
O at 10				Savings
Oct-18	21,000	\$86.47	\$86.85	(\$0.38)
