The 'Water & Wastewater Service Abandonment Permit' is not valid without having first obtained an 'Encroachment Permit' and this Permit is subject to all of the requirements and conditions specified in the 'Encroachment Permit' for this project.
2. **Standards/Location of Work** - The above indicated Applicant is hereby granted subject to Titles 72, Chapter 3, and 90-1-104 of the City's Municipal code, the City's Policies and Design Criteria Manuals, the Construction Specifications Manual, Standard Drawings Manual, State Occupational Safety and Health Laws, the approved plans, and any special limitations set herein, permission for the purpose of abandoning a (water) and/or (wastewater) service, within the right-of-way limits, or associated with the City's public utilities in the following locations: _____. Prior to Work being performed in the public right-of-way, the Permittee will make proper provisions for protecting the public's safety and property and obtain an Encroachment Permit. This permit is a binding agreement between the Permittee and the City and shall be only for the location listed on this permit.
3. **Permit Fee** – Please see the most current version of the City of West Jordan, Fees and Charges Schedule.
4. **Permit Requirements** – As part of the submittal process for receiving approval of this permit, the Applicant shall provide the following:
 - (1) Demolition plans – Show location of structure and location of all utilities, including electric, gas, water, and wastewater.
 - (2) Termination details – provide detailed drawings indicating how and where the water and wastewater services will be terminated.
 - (3) Payment of fee
5. **Proper Abandonment of Public Utility** – Permittee is responsible for knowing and understanding the City's standards and requirements for abandonment of its utilities. Check with the Engineering Inspector for the project prior to beginning work so these requirements can be provided.
6. **Suspension of Work** - If permittee fails to comply with City of West Jordan regulations, specifications or instructions pertinent to this permit, the City Engineer or his duly authorized representative, may by verbal order, suspend the work until the violation is corrected. If permittee fails or refuses to comply promptly, the City Engineer or his authorized representative may issue a written order stopping all or any part of the work. When satisfactory corrective action is taken, an order permitting resumption of work may be issued.
7. **Permit Period/Extensions** - This permit is valid forty-five days (45) from issue date. The City may grant an extension of time with a written request from the Permittee to the Engineering Department. Such request must be submitted five (5) working days before the expiration date of the permit.
8. **On-Site Permit Requirements** - A copy of the City's current trench detail, and approved plan of the Work, and approved traffic control plan, a signed copy of this Permit, and a copy of the City's Public Improvement Standards, Specifications, and Plans shall be on the work site at all times. The City shall be granted access to these papers at all times..
9. **Failure to Perform** - Failure of the Permittee to follow the provisions of this permit shall result n the retraction of the permit by the City and loss of privileges to work within the City's right-of-way.
